

Handling Federal Estate and Gift Taxes, 6th

By James M. Kosakow and Myron Kove

These volumes enable you to access critical details of estate and gift tax preparation and filing quickly, efficiently, and accurately.

This practice guide simplifies the complexities of the federal estate and gift tax statutes, providing crystal-clear analysis of the law, practice, and procedures. Topics include: property includable in the gross estate; computation of the federal estate tax; practice and payment of the federal estate tax, including the preparation and filing of returns, collection, and settlement of disputes; transfers subject to the federal gift tax; gifts by nonresidents not U.S. citizens; federal gift tax exclusions and deductions; valuation of gifts and computation of the federal gift tax; the generation-skipping transfer tax; actions for refund; and much more.

Features & Benefits:

- Practice tips, observations, comments, and examples provide practical advice on how law has been applied in real situations

Format: Binder/Looseleaf

Components: Print 2

Product Number:
13973883

Price: \$610.00

Price subject to change without notice.
