Description

Meeting in Vancouver, British Columbia, a major North American port of entry, provides an exceptional opportunity to examine payment and shipping terms and the documents used in the movement of goods across borders when using multiple forms of transport. This session will consider the practical application of bodies of rules such as Incoterms, the Convention on the International Sale of Goods (CISG) and the Uniform Customs and Practice for Documentary Credits (UCP), as well as the interplay of bills of lading and other shipping documents with letters of credit and documentary payment mechanisms. Particular attention will be given to the rights and remedies of buyers, sellers and intermediaries if the deal goes 'sideways' while the goods are in transit.
